Health Care

Another indication of Syracuse's superb quality of life is our world-renowned healthcare services.

More than 1,400 practicing physicians and healthcare providers — who represent every medical specialty — serve the residents of Syracuse and Onondaga County.

The operating efficiency of local healthcare facilities has led to Syracuse having one of the lowest hospitalization rates in America.

Health Care Facilities

| | |
|-------------------------|-------|
| # of Hospitals | 5 |
| # of Teaching Hospitals | 1 |
| # of Beds | 2,054 |
